PLANT NOW Pansy Seedlings ... \$2.25 per 100; \$1.25 per 50

Out of many trials over a period of years, we have found these to be
the best for this area:

Steele's Jumbo Mixed, the largest Pansy grown

Steele's Super Swiss "400" mixed, finest bedding, many rare colors

Vaughan's Super Swiss Giants Mixed

Vaughan's Super Maple Leaf Giants Mixed

\$2.25 per 100; \$1.25 per 50

FOR THOSE who desire to create their own artistic color effects or
enjoy something entirely different .. we recommend

SEPARATE COLORS

Blumlisalp, New Swiss Pansy with rosy tints,
palest pink to carmine rose

Grand Duke Michel, white

Pay Dirt, largest, earliest, yellow hybd. dark
pencilling, ruffled

Ullswater (Thunersee) deep ultramarine blue, Swiss
\$ 3 p. 100, 50 for \$1.50, 25 for 85¢

MOST UNUSUAL

Steele's Butterfly Hybrids, Mixed

Clarke's Hybrid Blend, in addition to color range
of Jumbos, it includes gorgeous shades
of brill. red & copper, and many ruffled
pastels in delicate tones of peach, pink
apricot, lavender, rose and orchid:

(Not as large as Jumbos)

\$3 p. 100, 50 for \$1.50, 25 for 85¢

SPECIAL: With each Pansy Order -- 5 lbs of Esskay Plant
Food for 35¢. Enough to feed 100 Pansies
per season.

DELIVERY: Since growing plants are
difficult to ship, we will deliver
once a week - on Thursdays or
Fridays - so you will be able to
plant during weekend. Washington
and vicinity only. As we have only
limited delivery facilities, we can-
not deliver orders for less than
\$4.50. All orders of \$4.50 or more
delivered free of charge as stated.

- Aristocrats of Climbing Plants -

PLANT A FEW LARGE FLOWERING CLEMATIS IN YOUR GARDEN.

They take very little room and
care, and will grow in part
shade or on north side of house.

.

Clematis Varieties:

2 year old plants \$2 each

Ascotiensis, pure blue
Duchess of Edinburgh, dbl. white
Henryi, gigantic white blossoms
Jackmani, rich violet purple
Lanuginosa candida, immense
glistening white flowers
Lawsoniana, extra large, shiny blue
flushed with mauve
Mme. Baron-Veillard, large lavender
rose
Mme. Edouard Andre, red, purpl. cast
Mrs. Cholmondeley, Wisteria blue
Nelly Moser, unusual, red bars on pale
mauve and white petals
Ramona, lavender blue
Ville de Lyon, dark plum colored
- - -

AFRICAN VIOLETS (continued)

3" potted plants

These will be available shortly:

Amethyst
Blushing Maiden
Double Duchess
Double Russian
Dupont Blue
Dupont Lavender Pink
Heavenly Blue
Orchid Queen
Purple Prince

- - - -

FOR SUCCESS WITH CLEMATIS, dig
a 2½ foot hole, fill
bottom with 10 inches of cinders
or stones for drainage, fill rest
with rich soil. Mix 2 handfuls
of lime with soil, as Clematis love
an alkaline medium. Set plants 3
to 4 inches deeper than the crown.
Be sure to do this. Plant against
a sturdy post, or if next to the
house or porch, against a good
strong trellis to give it steady
support. A wire or picket fence
is ideal, for here the Clematis
needs very little attention.

BUT REMEMBER, it needs to be
trained and tied securely against
a steady support because the vines
must not sway in the wind.

AFRICAN VIOLETS

HYBRID RHODODENDRONS

Imported Direct from Holland

Striking Color Effects

THESE FINE SPECIMEN PLANTS we are proud to offer you as an Outstanding Value. We had them shipped to us direct from Holland early this spring and they have done remarkably well here in our nursery. They are beautiful, low branched, bushy 4-year old plants, some with buds, READY TO BLOOM next spring.

Rhododendrons being scarce, we were fortunate in securing an excellent selection, many varieties in all colors, from deep red, purple white, pink to lilac, etc.

HYBRID RHODODENDRONS can be planted in full sun or part shade. They have a tendency to grow leggy and spindly if planted in too shady a location.

WE RECOMMEND: Mix your soil with Michigan Peat - 1/2 bushel per plant--and provide good drainage. Be sure not to plant too deep. Rhododendrons are shallow feeders. Mulching with decaying oak leaves will provide the proper acidity. ALSO add some compost as food for good growth and bloom. Water frequently in dry weather. Sprinkling of the leaves - top and bottom - during the summer months keeps the Red Spider under control and greatly benefits the plants.

FOR YOUR CONVENIENCE, we have specially prepared soil for Rhododendrons at 75¢ per 1/2 bushel; 1 bushel for \$1.40.

PRICE: For all of the following varieties - 4 year old plants -
\$6.00 each, 2 for \$11
YOUR CHOICE! 3 for \$15

SUPERB VARIETIES:

Caractacus, red
Cath. van Tol, red
Dr. H. C. Dresselhuyse, red

HYBRID RHODODENDRONS

These plants are the result of a cross between the hardy, long-lived rhododendrons and the more tender, but more colorful, azaleas. They combine the best of both worlds, being both hardy and colorful. They are also very easy to grow and maintain. They are available in a wide variety of colors, including white, pink, red, and yellow. They are also available in a variety of sizes, from small to large. They are a great addition to any garden or landscape.

HYBRID RHODODENDRONS can be planted in full sun or part shade. They are very hardy and can tolerate a wide range of soil conditions. They are also very easy to grow and maintain. They are available in a wide variety of colors, including white, pink, red, and yellow. They are also available in a variety of sizes, from small to large. They are a great addition to any garden or landscape.

They combine the best of both worlds, being both hardy and colorful. They are also very easy to grow and maintain. They are available in a wide variety of colors, including white, pink, red, and yellow. They are also available in a variety of sizes, from small to large. They are a great addition to any garden or landscape.

These plants are the result of a cross between the hardy, long-lived rhododendrons and the more tender, but more colorful, azaleas. They combine the best of both worlds, being both hardy and colorful. They are also very easy to grow and maintain.
